

## **Tom Dick and Harry | Storage jars with character**

Let Thomas, Richard and Harold (or Tom, Dick & Harry) bring a bit of fun to your daily tea or coffee routine.

Tom, Dick & Harry are a set of porcelain tea, sugar and coffee storage jars designed to make an entertaining and stylish addition to any kitchen worktop.

Although these three plump little guys look identical, take a closer look... The glints in their eyes are letters that indicate what's inside: (T: tea, S: sugar & C: coffee) and their heads have room to fit the handle of a spoon.

These adorable storage jars are designed to hold tea, sugar and coffee, however they love to store everything from herbs and spices to pistachio nuts. With a silicone rubber seal to keep your food fresh, Tom, Dick and Harry ensure that your kitchen is full of character.

A little more about Tom, Dick and Harry...

### **Tom**

Thomas Toddington-Smythe, or Tom to his friends,  
Is an English gentleman, one never to offend,  
His tummy's full of Camomile, Earl Grey or Breakfast Blend,  
How he has room for so much tea is hard to comprehend.

### **Dick**

Dick never stops, he's always on the go,  
He's got a belly full of beans so he won't go slow,  
Espresso, Latte or Cappuccino,  
If it doesn't contain caffeine then he doesn't want to know.

### **Harry**

Harry is the sweetest fellow you'll ever meet,  
A happy little chappie, always up-beat,  
With a belly full of sugar, ever so sweet,  
For when you want that extra little treat.
