

WonKey | Fixes Wonky Tables!

Ever been out for a meal or drink only to have your experience ruined by a frustratingly wobbly table? Well fear no more... This handy rubber key ring will ensure your food stays on your plate.

Forget folded up beer mats and scraps of paper, simply detach WonKey from your keys and wedge it under the wonky table leg to make your table stable.

Designed to look like a key, it won't look out of place on your key ring and is always with you; WonKey is produced from silicone rubber for maximum grip and durability.

So next time you're dining out, rest assured that you won't be leaving with red wine down your favourite shirt and an embarrassed look on your face.
